ABSTRACTED-PUB-NO: JP 51110032A

BASIC-ABSTRACT:

Calcium cyanamide or cyanamide (I) and 3-hydroxy-5-methyl-isooxazole (II) are used as the effective ingredients. (II) is used in a concn. of 1/10-1/200 wt.% (based on (I)), cyanamide or cyanamide. Calcium cyanamide and cyanamide (I) have fungicidal and insecticidal action and (II) is also used as fungicide. However (I) have lower controlling action and (II) has much lower action, is complicated to treat, and a large amt. of it is needed for practical use. The mixt. (I) and (II) exhibits excellent synergetic effect adn has excellent fungicidal effect against damping-off of cucumber and stem rot of kidney bean. The agent has also insecticidal, herbicidal and plant-growth promoting actions.
